Research Title: Measuring Episodic Memory using Virtual Reality

Researcher(s): Prof. Jason B. Mattingley, Mr Richard D. Ronayne, Mr Jayce Rushton, Prof. Paul Dux, Prof. Gail Robinson,

Name of the participant: _____

I consent to participate in this research project. It has been explained to me that the purpose of this research is to investigate episodic memory using virtual reality. I have also been provided with a written project information sheet in a language that I can understand.

The possible risks of participating in this research have been explained to my satisfaction. I understand that in this research I will be required to:

- Answer demographic and health questions
- Complete a depression, stress, and anxiety scale (DASS)
- Complete the National Adult Reading Test (NART)
- Complete a Rey Auditory Verbal Learning Test (RAVLT)
- Complete Raven's Progressive Matrices test
- View four rooms in a virtual reality environment and follow the researcher's instructions
- Complete four follow-up memory tests online via https://REMEMVR.com.au

I understand that my participation is voluntary and I am free to withdraw from this research anytime without needing to provide any explanation, and I would not receive any penalty or bias as a result of my withdrawal. Should I decide to withdraw, I understand that my data will be destroyed and will not be used in the research.

I understand that data collected for this research will be stored digitally in a password protected spreadsheet, and only the project team will have access to the data. I understand that any information that could be used to identify me personally will be stored separately from my demographic/health/questionnaire/test data in a manner than cannot link my answers to my identity.

I consent for my data to be used in future research that is an extension of or related to this project.

I understand that this research adheres to the Guidelines of the ethical review process of The University of Queensland and the National Statement on Ethical Conduct in Human Research. I have been provided with contact details of the researcher, as well as UQ Ethics Coordinator.
